Most homes on Keoka Lake are situated amongst a web of dirt roads that surround the lake. Many of these trails are named after the original builders of the camps. On the left are the trail signs of the roads that surround Keoka. Can you match the trail name with the road on the map below? Answers are on page 354.

Below is a map of Keoka Lake made by local artist Sharon Harrison of Sharrison Studios. Note: Some trail names have been removed and some trails added for the game.
